<h2>Project: Child Vaccination Management System</h2>

<p>

Young children are at increased risk for infectious diseases because their immune systems have not yet built up the necessary defences to fight serious infections and diseases. Making sure that children have access to proper healthcare and immunization against diseases that can be prevented by vaccines, is a huge challenge that is being faced by developing countries like ours.

This highlights the importance and need of having a better, smarter system in place, to improve the situations. This application provides a system to provide information, store records and help parents schedule vaccination appointments for their children.

Our python-based Child Vaccination Management System helps parents book vaccination appointments for their children with just a few clicks. Admin will manage the child and vaccination report and approval of the appointment. Hospitals will update the status of the vaccination applied for the child.

Due to the lack of adequate healthcare, India has high Infant Mortality rates. Considering the anomalies in the existing system computerization of the whole activity is being suggested after the initial analysis.

Vaccinations start early in life to protect children before they are exposed. We can change this manual system into the e-vaccination system by collecting the information of children, registered under the website so that those who didn't take vaccination can avail one more opportunity to save the life of their children.

With this system, a lot of man-hours can be saved and it is efficient too.

The front-end involves Html, CSS, and JavaScript and the back-end involves Python. The framework used is Django and the database is MySQL.

<h3>2026 politics cm vijay news</h3>

<p>

On August 18, 2026, Tamil Nadu's Chief Minister C. Joseph Vijay continued to be a central figure in the state's political landscape. He was involved in various activities, including the inauguration of new projects by Prime Minister Narendra Modi and addressing ongoing crime investigations. Vijay's government had completed 100 days in office, with significant investments and welfare measures in place. However, the opposition raised concerns over law and order, power supply, and waste management. Vijay's government also faced allegations of corruption, with some ministers demanding commissions in government tenders. Despite these challenges, Vijay's government remained committed to making Tamil Nadu a corruption-free state

<h3>what a Gamer!</h3>

<p>

The sports news for August 18 includes a range of updates and highlights from various sports events. Here are some of the key highlights:

Cricket: Mohammed Siraj may miss out on the Asia Cup 2025 spot, with selectors considering Jasprit Bumrah and Arshdeep Singh as potential replacements.

Hockey: India's Anirban Lahiri struggled in the LIV Golf Greenbrier tournament, slipping down the leaderboard. Jon Rahm took the lead in the tournament.

Golf: Anirban Lahiri's poor performance in the LIV Golf Greenbrier tournament saw him slip down the leaderboard, while Jon Rahm took the lead.

Tennis: Balaji lost the Challenger tennis tournament final, with Diego Hidalgo and Miguel Reyes-Varela winning the match.

These updates reflect the dynamic nature of sports and the importance of staying informed about the latest happenings in the world of athletics.

<h3>AK UPDATE</h3>

<p>Ajith Kumar has officially announced his next film, Dare Devil, putting an end to weeks of speculation surrounding his upcoming project. The film marks the actor's second collaboration with director Adhik Ravichandran. The duo previously worked together in the 2025 release, Good Bad Ugly.

Dare Devil is produced by Ajith's wife Shalini under Brave Hearts Production. Adhik shared the news via an X post on Monday. The attached poster featured the words "DARE DEVIL" printed in bold red font across nine white dice. The dice arrangement against the red backdrop hinted at themes of gambling, luck, taking risks or mind-bending twists.

The side note read, "34 years of breaking barriers, inspiring millions, and redefining stardom. A journey built on passion, perseverance, and unmatched charisma. #DareDevil is here. This is going to be very Special. Thank you My Sir #Ajithkumar sir for the Trust & Support. Thank you Producer #Shalini mam. #BraveHeartsProduction."

Ajith had two releases in 2025, Vidaamuyarchi and Good Bad Ugly, and has not announced a new film since. Even after their success, the actor stayed away from signing new projects, rather focusing on his racing career.

Speaking to Fine Time Cine in May, financier-distributor Tiruppur Subramaniam said, "Ajith Kumar wants the salary he demands, but who is there in the industry to offer it? There's almost no one, and we can't do anything about it."

He added, "He wants a fixed salary from the production; if not, he is already well-settled and interested in racing. He is earning well even through advertising, but he should consider serving the cinema and making films at a profit."

Ajith will next be seen in Gladiators, a documentary on his racing career. Directed by AL Vijay and featuring music by GV Prakash Kumar, the project documents his time behind the wheel.
